## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 789-800, 824 and 825 are finally rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claim 765 has been amended to recite a "means" for "releasably holding the first and second members in the first position", however the above claims recite a latch or means to accomplish the same function already claimed in the independent claim 765, thus it appears that the same element is being claimed more than once.

### ***Allowable Subject Matter***

3. Claims 327-355, 357, 361-363, 366, 447-467, 501, 504-506, 522, 524, 526, 530-788, 801-823, 826 and 827 are allowed.

### ***Response to Arguments***

4. Applicant's arguments with respect to claims 765 and 827 have been considered but are moot in view of the new ground(s) of rejection.

Independent claims 765 and 827 are clearly now allowable with the newly added limitation, however various dependent claims that depend from claim 765, contain various forms of the new limitation thus these claims are now indefinite for claiming the same element.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

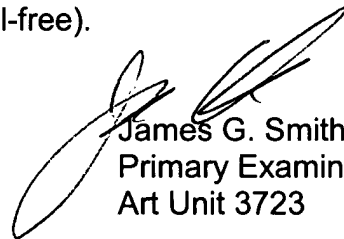

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
